Symposium on the Diabetic Foot

Dear colleague,

You are cordially invited to participate in the 9th International Symposium on the Diabetic Foot. In this meeting the latest scientific evidence and developments will be presented; both findings from basic research and clinical insights important to everybody's daily practice will be discussed in an open atmosphere. A large group of specialists will give state of the art lectures on a broad selection of topics regarding prevention, diagnosis and treatment of lower extremity complications of diabetes. Interactive workshops will provide you with useful information for daily clinical practice and the updated guidelines of the International Working Group on the Diabetic Foot will be launched. This unique, quadrennial meeting is the premier international (scientific) meeting on this topic, and therefore called the "*Olympic games of the diabetic foot*". The Symposium will take place again in the World Forum Convention Center in The Hague, the Netherlands. The Hague is a beautiful city behind the dunes, full of history, royalty and museums, and is only 45 minutes away from Amsterdam airport by public transport.

We look forward to welcoming you in May 2023!

Professor Nicolaas C. Schaper
Chair of the ISDF2023

Organising Committee

- Prof. Nicolaas C. Schaper, Chair
- Dr. Gwendolyn Cazander, Treasurer
- Dr. William van Houtum
- Dr. Edgar J. Peters
- Dr. Sicco A. Bus

Target Audience

- Internists/endocrinologists/diabetologists
- Vascular surgeons
- Orthopaedic surgeons
- General surgeons
- Plastic surgeons
- Intervention radiologists
- Angiologists
- Rehabilitation specialists
- Infectious diseases specialists
- Clinical microbiology specialists
- Wound care/tissue viability specialists
- Dermatologists
- General Practitioners
- Podiatrists
- Diabetes educators
- Casting technicians
- Shoe technicians (orthotists, pedorthists)
- Human movement scientists
- Healthcare scientists
- Basic scientists
- Epidemiologists
- Other health care providers
