'The Olympic games of the diabetic foot'

Wednesday May 10

07:30 - 18:15	Registration			
08:30 - 10:00	PLENARY LECTURES SESSION 1			
	PL 1: The diabetic foot; four decades of progress <i>Prof. Andrew Boulton (University of Manchester)</i>			
	PL 2: What progress did we make in management of PAD <i>Prof. Joseph Mills (Baylor College of Medicine)</i>			
	PL 3: Diabetic foot infections; developments in diagnosis and treatment <i>Dr Edgar Peters (Amsterdam UMC)</i>			
10:00 - 10:30	Coffee break			
10:30 - 12:00	ORAL ABSTRACT SESSION 01	ORAL ABSTRACT SESSION 02	ORAL ABSTRACT SESSION 03	ORAL ABSTRACT SESSION 04
10:30 - 11:30	SATELLITE SYMPOSIUM		SATELLITE SYMPOSIUM	
12:00 - 14:00	Lunch & Poster presentations			
12:45 - 13:45	SATELLITE SYMPOSIUM			
14:00 - 15:15	WORKSHOPS			
	WS01a Workshop Management of edema <i>Dr Miriam Loots (Franciscus Gasthuis & Vlietland)</i> <i>Dr Bibi van Montfrans (Erasmus MC)</i>	WS02a Workshop Complex Diabetic Foot Infection Cases (in collaboration with IADFS) <i>Dr Giacomo Clerici (Ospedale San Carlo)</i> <i>Prof. Venu Kavarthapu (King's College Hospital)</i> <i>Prof. Eric Senneville (Gustave Dron Hospital)</i>	WS03a Workshop Shoes: from art to science <i>Dr Gustav Jarl (Region Örebro län)</i> <i>Mr Rob Verwaard (Wittepoel)</i>	WS04a Workshop Radiology: pearls and pitfalls <i>Prof. Mario Maas (Amsterdam UMC)</i>
	WS05a Workshop Podiatry: a live diabetic diabetic foot clinic <i>Ms Ingrid Ruys (Maxima Medisch Centrum)</i> <i>Ms Lian Stoeldraaijers (Dutch Association of Diabetes Podiatrists)</i>	WS06a Workshop Diabetic foot disease in end-stage renal disease <i>Prof. Joseph Mills (Baylor College of Medicine)</i> <i>Dr Sjef van Baal (Ziekenhuis Groep Twente)</i>	WS07a Workshop Prevention and education Mr Andy Lavender (NHS) <i>Prof. Khalida Ismail (King's College London)</i> <i>Ms Anne Rasmussen (Foot Clinic at Steno Diabetes Center Copenhagen)</i>	WS08a Workshop Casting techniques: an instructional course <i>Prof. David Armstrong (University of Southern California)</i> <i>Mr Ron Slegers (Maastricht University Medical Center)</i>
	WS09a Workshop Negative pressure wound therapy <i>Prof. Lawrence Lavery (The University of Texas)</i> <i>Ms Ellie Lenselink (Haaglanden MC)</i>	WS10a Workshop Translating guidelines into real world care (in collaboration with WFVS) <i>Dr Roberto Ferraresi (San Carlo Clinic)</i>	WS11 Workshop Bone biopsy: an instructional course <i>Dr Edgar Peters (Amsterdam UMC)</i>	WS12 Workshop Functional anatomy and biomechanics of the foot <i>Dr Robert Frykberg (Diabetic Foot Consultants)</i> <i>Dr Wilbert van Laar (Alrijne Ziekenhuis)</i>

15:15 - 15:45	Coffee break			
15:45 - 17:45	MINISYMPOSIA			
	<p>MS01 MINISYMPOSIUM WOUND HEALING</p> <p>Mechanisms of impaired tissue healing <i>Prof. Gian Paolo Fadini (University of Padova)</i></p> <p>Novel therapeutic targets for diabetic wounds <i>Prof. Jonathan Golledge (Queensland Research Centre for Peripheral Vascular Disease)</i></p> <p>Surgical procedures to improve wound healing <i>Dr Klaus Kirketerp-Møller (Copenhagen Wound Healing Center)</i></p> <p>Topical antimicrobial treatment <i>Prof. Eric Senneville (Gustave Dron Hospital)</i></p> <p>Wireless and telemedicine wound care <i>Prof. Neil Reeves (Manchester Metropolitan University)</i></p>	<p>MS02 MINISYMPOSIUM RISING STAR SYMPOSIUM</p> <p>To be determined <i>Dr Katherine Raspovic (University of Texas Southwestern Medical Center)</i></p> <p>Towards personalized medicine for safe physical activity in people at high risk of foot ulceration <i>Dr Jaap van Netten (Amsterdam UMC)</i></p> <p>The evolution of patients with diabetic foot disease: a history of the last 20 years <i>Dr Marco Meloni (University of Rome 'Tor Vergata')</i></p> <p>1 foot or 2%? A journey to understanding the globe's diabetes footprint <i>Dr Peter Lazzarini (Queensland University of Technology)</i></p>	<p>MS03 MINISYMPOSIUM DIABETIC FOOT INFECTION IN THE EMERGENCY ROOM: GRAND ROUNDS</p> <p>Case presentation <i>To be determined</i></p> <p>Infectious diseases <i>Prof. Ilker Uckay (Balgrist University Hospital)</i></p> <p>Radiology <i>Prof. Mario Maas (Amsterdam UMC)</i></p> <p>Foot surgery / podiatry <i>Prof. Dr John Steinberg (Georgetown University School of Medicine)</i></p> <p>Vascular intervention <i>Prof. Robert Fitridge (The University of Adelaide)</i></p> <p>Geriatric and Internal medicine aspects <i>Prof. Frank Nobels (OLV Ziekenhuis Aalst)</i></p>	<p>MS04 MINISYMPOSIUM ADHERENCE: HOLY GRAIL OF DIABETIC FOOT DISEASE</p> <p>DFU as a metaphor: the patient perspective <i>Mr Andy Lavender (NHS)</i></p> <p>Adherence and non-adherence: my personal experience <i>Prof. Lawrence Lavery (The University of Texas)</i></p> <p>Why do patients not do what we suggest they should do: a health promotion perspective <i>To be determined</i></p> <p>How can technology improve patient adherence <i>Prof. Bijan Najafi (Baylor College of Medicine)</i></p> <p>Which psychological interventions can improve adherence <i>Prof. Khalida Ismail (King's College London)</i></p>
15:45 - 16:45	SATELLITE WORKSHOP		SATELLITE WORKSHOP	

Thursday May 11

07:30 - 19:00 Registration				
08:30 - 10:00 PLENARY LECTURES SESSION 2				
<p>PL 4: What have I learned from performing 30 years clinical trials in DFU <i>Prof. William Jeffcoate (Nottingham University Hospitals Trust)</i></p> <p>PL 5: These shoes are made for walking, but how, and where to? <i>Prof. Sicco Bus (Amsterdam UMC)</i></p> <p>PL 6: Charcot neuro-osteoarthropathy <i>Prof. Dane Wukich (UT Southwestern Medical Center)</i></p>				
10:00 - 10:30 Coffee break				
10:30 - 12:00	ORAL ABSTRACT SESSION 05	ORAL ABSTRACT SESSION 06	ORAL ABSTRACT SESSION 07	ORAL ABSTRACT SESSION 08
10:30 - 11:30	SATELLITE SYMPOSIUM		SATELLITE SYMPOSIUM	
12:00 - 14:00 Lunch & Poster presentations				
12:45 - 13:45 SATELLITE SYMPOSIUM				
14:00 - 15:15 WORKSHOPS:				
<p>WS01b Workshop Management of edema <i>Dr Miriam Loots (Franciscus Gasthuis & Vlietland)</i> <i>Dr Bibi van Montfrans (Erasmus MC)</i></p>	<p>WS02b Workshop Complex Diabetic Foot Infection Cases (in collaboration with IADFS) <i>Dr Giacomo Clerici (Ospedale San Carlo)</i> <i>Prof. Venu Kavarthapu (King's College Hospital)</i> <i>Prof. Eric Senneville (Gustave Dron Hospital)</i></p>	<p>WS03b Workshop Shoes: from art to science <i>Dr Gustav Jarl (Region Örebro län)</i> <i>Mr Rob Verwaard (Wittepoel)</i></p>	<p>WS04b Workshop Radiology: pearls and pitfalls <i>Prof. Mario Maas (Amsterdam UMC)</i></p>	
<p>WS05b Workshop Podiatry: a live diabetic diabetic foot clinic <i>Ms Ingrid Ruys (Maxima Medisch Centrum)</i> <i>Ms Lian Stoeldraaijers (Dutch Association of Diabetes Podiatrists)</i></p>	<p>WS08b Workshop Casting techniques: an instructional course <i>Prof. David Armstrong (University of Southern California)</i> <i>Mr Ron Slegers (Maastricht University Medical Center)</i></p>	<p>WS13a Workshop Treatment of acute Charcot neuro-osteoarthropathy <i>Prof. Michael Edmonds (King's College Hospital)</i> <i>Dr Katherine Raspovic (University of Texas Southwestern Medical Center)</i> <i>Prof. Dane Wukich (UT Southwestern Medical Center)</i></p>	<p>WS14a Workshop When and how to choose dressings, advanced wound healing interventions and maggots <i>Dr Gwendolyn Cazander (Ikazia Hospital Rotterdam)</i> <i>Prof. John Steinberg (Georgetown University School of Medicine)</i></p>	
<p>WS15a Workshop Treating the whole geriatric patient and not the hole in the patient <i>Prof. Ralf Lobmann (Klinikum Stuttgart)</i> <i>Prof. Frank Nobels (OLV Ziekenhuis Aalst)</i></p>	<p>WS16a Workshop How local factors can impact management of the ischemic diabetic foot in 2023 (in collaboration with WFVS) <i>Prof. Nobuyoshi Azuma (Asahikawa Medical University)</i> <i>Prof. Viv Chuter (Western Sydney University)</i> <i>Prof. Palma Shaw (Upstate Medical University)</i></p>	<p>WS17a Workshop Footwear and offloading when resources are limited (in collaboration with D-Foot International) <i>Prof. Klaas Postema (Universitair Medisch Centrum Groningen)</i> <i>Prof. Vijay Viswanathan (M.V. Hospital for Diabetes)</i></p>	<p>WS18 Workshop Foot infections in hot and humid environments (in collaboration with D-Foot International) <i>Prof. Ilker Uckay (Universitätsklinikum Balgrist)</i> <i>Dr Zulfiqarali Abbas (Muhimbili University of Health and Allied Sciences)</i></p>	

15:15 - 15:45	Coffee break			
15:45 - 17:45	MINISYMPOSIA			
	<p>MS05 MINISYMPOSIUM PREVENTION: FROM BRAIN TO TOE</p> <p>Current treatment of type 1 and 2 diabetes in 2022 <i>Prof. Max Nieuwdorp (Amsterdam UMC)</i></p> <p>Glycemic control and other strategies to prevent lower extremity complications of diabetes <i>Prof. Ed Boyko (University of Washington)</i></p> <p>Advances in the prevention of modifiable risk-factors: a paradigm shift to foot-related exercises <i>Prof. Isabel Sacco (School of Medicine, University of São Paulo)</i></p> <p>Mind the foot: psychology of a recurrent ulcer <i>Dr Loretta Vileikyte (University of Manchester)</i></p> <p>Screening for and diagnosing polyneuropathy in daily practice <i>Prof. Nikolaos Papanas (Democritus University of Thrace)</i></p>	<p>MS06 MINISYMPOSIUM HOW TO ORGANISE AND EVALUATE DIABETIC FOOT CARE</p> <p>Why & how to set up a nationwide registry: lessons learned? <i>Prof. Graham Leese (Ninewells Hospital and Medical School)</i></p> <p>AI applied in wound healing <i>Dr Sheila Wang (McGill University)</i></p> <p>How can I get my colleagues doing what they say they are already doing? <i>Prof. Ralf Lobmann (Klinikum Stuttgart)</i></p> <p>How to manage difficult leadership, toxic settings and turf wars <i>Prof. Mark Kramer (Amsterdam UMC)</i></p> <p>Who makes a diabetic foot team successful: forty years of experience <i>Prof. Michael Edmonds (King's College Hospital)</i></p>	<p>MS07 MINISYMPOSIUM CRITICAL REVIEWS</p> <p>Oxygen to the wound <i>Prof. Magnus Lundahl (Skane University Hospital)</i></p> <p>Comments & Discussion <i>Prof. Frances Game (University Hospitals of Derby and Burton NHS Foundation Trust)</i></p> <p>Topical antimicrobial treatment and prevention of infection <i>Prof. Ilker Uckay (Balgrist University Hospital)</i></p> <p>Comments & Discussion <i>Prof. Eric Senneville (Gustave Dron Hospital)</i></p> <p>Foot temperature monitoring and plantar pressure measurements <i>Dr Jaap van Netten (Amsterdam UMC)</i></p> <p>Comments & Discussion <i>Prof. Lawrence Lavery (The University of Texas)</i></p> <p>Medial artery calcification: an innocent bystander? <i>Dr Roberto Ferraresi (San Carlo Clinic)</i></p> <p>Comments & Discussion <i>Prof. Robert Hinchliffe (University of Bristol)</i></p>	<p>MS08 MINISYMPOSIUM DIABETIC FOOT SURGERY (in collaboration with IADFS)</p> <p>Diabetic foot complications: a key role for surgery <i>Dr Robert Frykberg (Diabetic Foot Consultants)</i></p> <p>Diabetic foot infections: surgery is not adjunctive! <i>Dr Giacomo Clerici (Ospedale San Carlo)</i></p> <p>Diabetic foot osteomyelitis When surgery is necessary <i>Dr Arun Bal (SL Raheja Hospital)</i></p> <p>Critical limb threatening ischemia best approaches for management 2023 <i>Dr Luuk Smeets (Rijnstate Ziekenhuis Arnhem)</i></p> <p>Diabetic Charcot foot and surgical management principles <i>Prof. Venu Kavarthapu (King's College Hospital)</i></p>
15:45 - 16:45	SATELLITE WORKSHOP			
17:30 - 19:00	ORAL SESSION			
	<p>Wondzorg binnen het multidisciplinaire team (session in Dutch) Dutch Professional Nurse Practitioner Organisation - session in Dutch!</p>			

Friday May 12

08:15 - 18:15	Registration			
08:30 - 10:00	PLENARY LECTURES SESSION 3			
	PL 7: New developments in diagnosis and treatment of (painful) diabetic neuropathy <i>Prof. Dan Ziegler (Leibniz Center for Diabetes Research at Heinrich Heine University Düsseldorf)</i>			
	PL 8: How to optimise healing of a diabetic foot ulcer <i>Prof. Frances Game (University of Derby and Burton NHS Foundation Trust)</i>			
	PL 9: Diabetic (foot) care in wartime <i>Prof. Boris Mankovsky (Shupyk National Medical Academy of Postgraduate Education, Ukraine)</i>			
10:00 - 10:15	KAREL BAKKER AWARD CEREMONY			
10:15 - 10:45	Coffee break			
10:45 - 12:15	ORAL ABSTRACT SESSION 09	ORAL ABSTRACT SESSION 10	ORAL ABSTRACT SESSION 11	ORAL ABSTRACT SESSION 12
10:45 - 11:45	SATELLITE SYMPOSIUM		SATELLITE SYMPOSIUM	
12:15 - 14:15	Lunch & Poster presentations			
13:00 - 14:00	SATELLITE SYMPOSIUM			
14:15 - 15:30	WORKSHOPS			
	WS06b Workshop Diabetic foot disease in end-stage renal disease <i>Prof. Joseph Mills (Baylor College of Medicine)</i> <i>Dr Sjeff van Baal (Ziekenhuis Groep Twente)</i>	WS07b Workshop Prevention and education <i>Mr Andy Lavender (NHS)</i> <i>Prof. Khalida Ismail (King's College London)</i> <i>Ms Anne Rasmussen (Foot Clinic at Steno Diabetes Center Copenhagen)</i>	WS09b Workshop Negative pressure wound therapy <i>Prof. Lawrence Lavery (The University of Texas)</i> <i>Ms Ellie Lenselink (Haaglanden MC)</i>	WS10b Workshop Translating guidelines into real world care (in collaboration with WFVS) <i>Dr Roberto Ferraresi (San Carlo Clinic)</i>
	WS13b Workshop Treatment of acute Charcot neuro-osteopathy <i>Prof. Michael Edmonds (King's College Hospital)</i> <i>Dr Katherine Raspovic (University of Texas Southwestern Medical Center)</i> <i>Prof. Dane Wukich (UT Southwestern Medical Center)</i>	WS14b Workshop When and how to choose dressings, advanced wound healing interventions and maggots <i>Dr Gwendolyn Cazander (Ikazia Hospital Rotterdam)</i> <i>Prof. John Steinberg (Georgetown University School of Medicine)</i>	WS15b Workshop Treating the whole geriatric patient and not the hole in the patient <i>Prof. Ralf Lobmann (Klinikum Stuttgart)</i> <i>Prof. Frank Nobels (OLV Ziekenhuis Aalst)</i>	WS16b Workshop How local factors can impact management of the ischemic diabetic foot in 2023 (in collaboration with WFVS) <i>Prof. Nobuyoshi Azuma (Asahikawa Medical University)</i> <i>Prof. Viv Chuter (Western Sydney University)</i> <i>Prof. Palma Shaw (Upstate Medical University)</i>
	WS17b Workshop Footwear and offloading when resources are limited (in collaboration with D-Foot International) <i>Prof. Klaas Postema (Universitair Medisch Centrum Groningen)</i> <i>Prof. Vijay Viswanathan (M.V. Hospital for Diabetes)</i>	WS19 Workshop Minor amputations (in collaboration with IADFS) <i>Dr Robert Frykberg (Diabetic Foot Consultants)</i> <i>Prof. Venu Kavarthapu (King's College Hospital)</i>	WS20 Workshop Diagnosis and management of skin and nail disorders of the foot <i>Dr Annemie Galimont (Bravis Ziekenhuis)</i>	WS21 Workshop How to present my research data (for young investigators) <i>Prof. Bijan Najafi (Baylor College of Medicine)</i> <i>Dr Jaap van Netten (Amsterdam UMC)</i>

15:30 - 16:00 Coffee break			
16:00 - 18:00 MINISYMPOSIA			
<p>MS09 MINISYMPOSIUM WHAT CAN LOW AND HIGH RESOURCE COUNTRIES LEARN FROM EACH OTHER (IN COLLABORATION WITH D-FOOT INTERNATIONAL)</p> <p>What can done to overcome the unsustainability of DF education programmes in developing countries? <i>Dr Hermelinda Pedrosa (Diabetes Unit of the Federal District Health Department)</i></p> <p>To be determined <i>Prof. Harikrishna Nair (Kuala Lumpur Hospital)</i></p> <p>Learning from each other to generate effective solutions <i>Dr Mariam Botros (Wounds Canada)</i></p> <p>Tackling the diabetic foot burden in low income countries <i>Dr Zulfiqarali Abbas (Muhimbili University of Health and Allied Sciences)</i></p> <p>Prevention of diabetes related amputations in India <i>Prof. Vijay Viswanathan (M V Hospital for Diabetes)</i></p>	<p>MS10 MINISYMPOSIUM TOP 4 STUDIES OF THE LAST 4 YEARS</p> <p>Global disability burdens of diabetes-related lower extremity complications <i>Dr Peter Lazzarini (Queensland University of Technology)</i></p> <p>Topical Wound Oxygen: The TWO2 Study <i>Dr Robert Frykberg (Diabetic Foot Consultants)</i></p> <p>Geospatial mapping and data linkage uncovers variability in outcomes of foot disease <i>Dr Joanne Hurst (Glasgow Caledonian University)</i></p> <p>Flexor tendon tenotomy of the diabetic foot <i>Mr Jonas Andersen (Region Hovedstaden Steno Diabetes Center Copenhagen)</i></p>	<p>MS11 MINISYMPOSIUM PERFORMING RESEARCH IN DFU (PART OF YOUNG INVESTIGATOR STRING)</p> <p>Choosing the right study design <i>Prof. Ed Boyko (University of Washington)</i></p> <p>What makes a wound healing study successful <i>Prof. Frances Game (University Hospitals of Derby and Burton NHS Foundation Trust)</i></p> <p>What can we learn from observational research and what not <i>Prof. Coen Stehouwer (Maastricht UMC+)</i></p> <p>Brilliant failures: the road to innovative research <i>Prof. Paul Iske (Maastricht University School of Business and Economic)</i></p> <p>What are relevant outcomes and how should they be measured <i>Prof. Robert Hinchliffe (University of Bristol)</i></p>	<p>MS12 MINISYMPOSIUM PERIPHERAL ARTERY DISEASE IN DIABETIC FOOT ULCERATION; A GLOBAL VIEW (IN COLLABORATION WITH WFVS)</p> <p>Introduction about WFVS</p> <p>Techniques and challenges in management of vascular and foot disease in patients with diabetes <i>Prof. Palma Shaw (Upstate Medical University)</i></p> <p>Relevant outcomes in PAD <i>Prof. Robert Hinchliffe (University of Bristol)</i></p> <p>Managing peripheral artery disease and diabetic foot ulceration in indigenous people <i>Prof. Viv Chuter (Western Sydney University)</i></p> <p>Distal bypass Olympics in Japan- virtual training in 2022 <i>Prof. Nobuyoshi Azuma (Asahikawa Medical University)</i></p> <p>How to manage no-option patients with chronic limb threatening ischemia and diabetic foot ulceration <i>Dr Roberto Ferraresi (San Carlo Clinic)</i></p>
16:00 - 17:00 SATELLITE WORKSHOP		16:00 - 17:00 SATELLITE WORKSHOP	
19:30 SYMPOSIUM DINNER			

Saturday May 13

08:00 - 14:00	Registration
08:30 - 10:30	PLENARY LECTURES SESSION 4
	PL 10: Presidential address. The diabetic foot attack: the amateur thinks strategy, the professional logistics <i>Prof. Nicolaas Schaper (Maastricht UMC+)</i>
	PL 11: Using the knife to preserve the foot <i>Prof. Joon Hong (University of Ulsan College of Medicine)</i>
	PL12: Medical therapies to preserve the foot <i>Prof. Jonathan Golledge (Queensland Research Centre for Peripheral Vascular Disease)</i>
	PL 13: New technology that we can apply today (not tomorrow) to improve PROMs <i>Prof. David Armstrong (Southwestern Academic Limb Salvage Alliance & Keck School of Medicine of USC)</i>
10:30 - 11:00	Coffee break
11:00 - 12:30	LAUNCH OF THE NEW IWGDF GUIDELINES (International Working Group on the Diabetic Foot)
12:30 - 12:45	POSTER AND ORAL PRESENTATION AWARDS
12:45 - 13:00	Summing up, closing and farewell
