

## **Gwendolyn Cazander**

*Vascular Surgeon; Medical Director*

Dr. Gwendolyn Cazander is a vascular surgeon at Ikazia Hospital in Rotterdam, where she has been working since 2016. She obtained her PhD in 2010 at VU University Amsterdam on the underlying mechanisms of maggot therapy in wound healing. Since 2020, she has served as a board member and treasurer of the International Symposium on Diabetic Foot (ISDF). As of 2024, she is Medical Director of the healthcare organization Eurocept, with the aim of improving national diabetic foot care and developing new diabetic foot clinics.
